Why We Need Members

For 83 years of operation, Lugarno Progress Association has had many achievements to its credit. A large representative membership provides a strong voice when dealing with the Hurstville Council, State Government, RTA or any other body which may be needed to sort out a problem and improve the locality for the residents.

Becoming a member provides that support to the committee of the day to act on behalf of the residents. The membership fee allows the day to day business to function and produce a Newsletter which is distributed to over 2000 households in Lugarno. Being a member doesn't mean you have to come to meetings - that's just a bonus! At meetings you can hear guest speakers, meet our local Councillors and State Member as well as other interested community members and raise General Business agenda items.

Fill out the slip below and return, with money, in an envelope to **Lugarno Hardware**, or **Yates Newsagency at Chivers Hill**. Better still come and hand it in at the next LPA meeting. You will see how good it is to be involved and working positively for our local community.
